

Power Bank WK 10000mAh MINRE WP-161 Black/White/Pink

Overview:

Clear-volume display power supply Product Model: WP-161 battery capacity: 10000mAh Output number: USB*2 Total output: DC5V-2.1A Number of input ports: Micro* 1 + TYPE - C*1 Input: DC5V - 2.1A Battery Type: Polymer Core Products are mainly selling and selling points 1 Double-port input, double-port output, can support both mobile phone charging, digital display electricity 2 Ultra thin dimension design, light small, portable convenience, can charge the hone phone about 3 times, give. Huawei mobile phone charging about 2 times 3 Intelligent terminal frequency division technology, automatic detection of output current size, voltage stationary instability machine 5. Using etching process, more delicate surface sand spraying treatment, easy to hold single hand grip, and anti-sweating fingerprint

Features:

Quick Charge 2.0
Battery capacity: 10000mAh
Output number: USB*2 Total output: DC5V-2.1A
Input Type: Micro* 1 + TYPE - C*1 Input: DC5V - 2.1A
